

Schedule F – City of Penticton Traffic Bylaw #94-39

Application

Public Works/Engineering Dept. | 616 Okanagan Ave. E. | Penticton B.C. | V2A 3K6
Tel: 250-490-2500 | Email publicworks@penticton.ca

To construct, use, and maintain works within a Public Right of Way

Name of Applicant (Company): _____

Address: _____

Primary Contact: _____ Phone: _____ E-mail: _____

It is understood that the completion of this form constitutes an application only, and the works applied for will not commence until this permit has been approved, and notifications both to the City and the public are issued.

Location of Works: _____ Drawing No.: _____ Application Job No.: _____

Start of Proposed Works*: _____ M _____ D _____ Y Completion Date*: _____ M _____ D _____ Y

- * Prior to starting any work, a minimum of 48 hours e-mail notice must be given to the Public Works Department (publicworks@penticton.ca). The City may have their own works to coordinate in conjunction with this permit. The Public Works Department will notify those parties on the City of Penticton Road Closure distribution list
- * Should the start date and time of the work change from that shown above on this Permit, the Applicant shall apply for such change by e-mailing the Public Works Department at publicworks@penticton.ca. The Applicant will be advised if the revised start date and time is approved and no work is to commence without such approval. Scheduling conflicts with other events or road closures may require a new Schedule F application. The Public Works Department will notify those parties on the City of Penticton Road Closure distribution list of this change.

1. The legal boundaries of all road allowances or easements and adjacent legal lot descriptions and address.
 2. The proposed utility location (horizontal and vertical) related to legal boundaries and any existing utility and surface features within the public right-of-way.
 3. The details of all trench depths, backfill and patching dimensions, vaults, manholes, poles, boxes, bridges, culverts, walls, concrete or other structures to be constructed with standard drawing specifications where applicable.

Permit General Conditions

1.0 Notification/Road Closures:

- 1.1 BC One Call: 1-800-474-6886
- 1.2 Shaw Cablesystems: for locates contact Dig Shaw: www.digshaw.ca. Other inquiries, contact the Planning Department at ProjectManagerBCInterior@sjrb.ca
- 1.3 City Public Works: Tel. (250)490-2500, Fax (250)490-2557, Email publicworks@penticton.ca
- 1.4 Engineering Department (Road Closure Permits) Tel: 250-490-2500, Email publicworks@penticton.ca
- 1.5 All public Safety and Environmental Protection concerns are the responsibility of the applicant.
- 1.6 All road closures shall be in accordance with the requirements of the most recent edition of the Traffic Management Manual for Work on Roadways (TMM) as published by the British Columbia Ministry of Transportation and Infrastructure for regulation of vehicle and pedestrian traffic or use of roadways and Worksafe BC unless specifically stated on this permit
- 1.7 W.C.B. 'Work Safe' procedures shall apply to this permit.
- 1.8 Prior to starting any work, a minimum of 48 hours e-mail notice must be given to the Public Works Department (publicworks@penticton.ca). The City may have their own works to coordinate in conjunction with this permit.
- 1.9 Should the start date and time of the work change from that shown on page 1 of this Permit, the Applicant shall apply for such change by e-mailing the Public Works Department at publicworks@penticton.ca. The Applicant will be advised if the revised start date and time is approved and no work is to commence without such approval. Scheduling conflicts with other events or road closures may require a new Schedule F application.
- 1.10 Any existing utilities, electrical, fiber optics, water and sanitary services, hydrants, valves, etc., shall be located through 'BC One Call' 1-800-474-6886, prior to construction and shall remain accessible and useable at all times.
- 1.11 If the Applicant indicated that a full or partial road closure will occur on Page 1 of the Permit, the Public Works Department will send out an e-mail notification to those parties on the City of Penticton Road Closure distribution list.
- 1.12 Scheduling may be restricted with respect to summer traffic, bus routes, other project coordination, or the seasonal availability of hot mix asphalt.

2.0 Damage Claim

- 2.1 Any damage on City R.O.W. to any infrastructure including trees shall be reported immediately to the Public Works Dept. who may undertake repairs at the applicant's expense or direct that the applicant make the necessary repairs, with restoration equal to existing or in compliance with M.M.C.D.;
- 2.2 Any trench within the public road allowance shall be in accordance with standards drawing S-G4a attached;
- 2.3 No undermining of existing concrete works curbs or sidewalks is permitted. Replacement in compliance with M.M.C.D. Bylaw shall include cutting and complete removal of the total concrete section between cut joints and any curb returns removed shall be replaced with standard wheelchair ramps ;
- 2.4 All surface repairs shall be completed by the City or approved contractor. All cuts shall be a straight horizontal and vertical line; All pavement patching shall be hot-mix asphalt meeting MMCD specifications;
- 2.5 All open trenches, road cuts, road closures, and sidewalk closures are to be signed, barricaded, and traffic controlled to meet the current Traffic Control Manual for Work on Roadways and Work Safe BC Regulations;
- 2.6 Applicants will be allowed to maintain road cuts in a flush compacted gravel state for two working days. In the event hot mix asphalt is not available within two days; the applicant is required to replace the trench cut with two inches of temporary cold mix. Within five (5) working days of the original excavation the trench is required to be hot mixed to MMCD specifications. Special conditions as deemed necessary by the City of Penticton may be imposed on to the applicant due to traffic impact or other circumstances;
- 2.7 No asphalt patching or concrete repairs shall be done between November 1 and April 1 without approval of the Public Works Department. Cold mix asphalt repairs approved during this period will be subject to weekly inspection and maintenance. All costs will be applied to the applicant;
- 2.8 Written approval shall be received by the Parks Supervisor for any work within 2.0m of the branch spread of any tree within the public road allowance.

3.0 Quality Control Assurance

- 3.1 In the event that construction is contrary to the Bylaw or M.M.C.D. and the approval given by this permit, the applicant shall correct the installation;
- 3.2 Failure to comply with the requirements on this permit will give the City reason to order the applicant to stop work or complete restoration at the applicant's expense;
- 3.3 The applicant or owner of the utility shall place no liability on the City as a result of any damage arising out of this permit approval including a one-year maintenance period;
- 3.4 Clean up and dust control may require mechanical sweeping or continuous watering of all paved streets on a daily basis;
- 3.5 Notice of Substantial Completion(*per Public Works approval*): The applicant shall submit an as-built drawing to the Engineering Department along with the request for Completion Approval;
- 3.6 The maintenance period shall be one year from the date of 'Substantial Completion'.

4.0 City Construction Projects

- 4.1 Upon notice in writing of the intention on the part of the City to construct, extend, alter, or improve any infrastructure, the utility owner for which this permit is granted shall coordinate the City and within three (3) months from receipt of notice shall complete his relocation work as may be necessitated by the City's construction.
