

Council Report

penticton.ca

Date: August 1, 2023 **File No:** RMS\6480-20
To: Donny van Dyk, Chief Administrative Officer
From: Blake Laven, Director Development Services and Steven Collyer, Senior Planner
Subject: **CMHC National Housing Strategy – Housing Accelerator Fund Application**

Staff Recommendation

THAT Council approve the proposed CMHC Housing Accelerator Fund (HAF) Housing Action Plan for Penticton which includes the following seven (7) initiatives, with have the potential to create 407 additional housing units above our expected baseline growth, over a three-year period:

1. Creation of an internal 'housing team'
2. Utilizing City land and new civic facilities
3. Accelerate new neighbourhood growth
4. Parking reduction pilot
5. Pre-approved 'missing middle' plans
6. Remove/revise density and height restrictions
7. Pre-zone strategic areas

AND THAT Anthony Haddad, General Manager Community Services be assigned as the applicant and be authorized to submit the application and execute any associated grant documents on behalf of the City.

Strategic priority objective

Livable & Accessible: The City of Penticton will proactively plan for deliberate growth; focused on an inclusive, healthy, safe and desirable place to live.

Background

In its 2022 Budget, the Federal Government announced the \$4 billion Housing Accelerator Fund (HAF) to provide incentive funding to local governments to increase the supply of new housing. The Fund, administered by the Canadian Housing and Mortgage Corporation (CMHC), runs until 2026/2027 and is expected to result in building permits being issued for 100,000 new housing units across Canada. The grant funds are intended to support initiatives that remove barriers to housing supply, accelerate the growth of supply and support the development of complete, low-carbon and climate-resilient communities which are affordable, inclusive, equitable and diverse.

On May 2nd 2023, staff presented the opportunity to apply for the CMHC funding, and after hearing from staff, Council passed the following resolution:

185/2023

It was MOVED and SECONDED

THAT Council support the use of up to \$40,000 from the Online Accommodator Platform Reserve for the purpose of preparing an application and associated community action plan for the CMHC National Housing Strategy's Housing Accelerator Fund;

AND THAT staff be directed to review any application with the Official Community Plan - Housing Task Force and Council prior to submission.

CARRIED UNANIMOUSLY

Since that time, staff have been working with Gordon Easton, of Easton Planning and Development, in the development of the Action Plan and the application. That work has included consultations with the local development community, internal staff and the City's Official Community Plan - Housing Task Force.

A bold and progressive plan has been developed that will create an environment for significant housing construction above the City's natural expected growth. Staff estimate that the plan has the potential to create an additional 407 units of housing above our baseline, over the three-year program timeline, which would make the City eligible for over \$10 m in grant funding.

Canada Mortgage and Housing Corporation (CMHC) Housing Accelerator Fund details

The Housing Accelerator Fund application window opened on July 4, 2023 and closes on August 18, 2023 (45 -ay window). Eligibility for the fund is based on the following:

- Local governments in Canada with delegated authority over land use planning and development approvals, including First Nations, Métis and Inuit governments
- Regional districts, provinces or territories are eligible to apply if there isn't a municipal-level authority

The primary objectives of the program are to create a greater supply of housing at an accelerated pace, enhance certainty in the approvals process and remove barriers to development, while also supporting the following priorities:

- Supporting the development of complete communities that are walkable, consisting of appropriate residential density and a diverse mix of land uses, providing access to a wide variety of amenities and services through public and active transportation
- Supporting the development of affordable, inclusive, equitable and diverse communities that encourage clear pathways to achieving greater socio-economic inclusion largely achieved through the equitable provision of housing across the entire housing spectrum
- Supporting the development of low-carbon and climate-resilient communities

Staff consider that the plan put together by Gordon Easton, supports the priorities of the program.

The Application

The application for funding must include the following:

- A list of at least seven new initiatives that would be enabled by HAF funding:
 - The seven initiatives proposed through Penticton's Action Plan are listed below. Collectively, these initiatives will be assessed on how many housing units each of them are estimated to produce over the three-year funding cycle.
- A commitment to enable a housing unit growth rate of at least 1.1% per year or 10% per year above the current rate over the next three years.
 - Penticton's current housing unit growth rate is 1.8% per year. According to the City's new housing needs assessment, the City is expected to grow at a rate of 1.1% at our low rate and 1.8% at our high rate. While the past few years have seen close to record residential construction in Penticton, the recent economic environment has significantly slowed housing starts over the past 8-12 months, with building construction value and number of permits issued in 2023 down significantly from a year ago.
 - Staff estimate that with the HAF initiatives, the City has the potential to reverse this trend and show grow at close to 2%.
 - Penticton's current housing unit count is 17,361. Our baseline growth rate is estimated to be 240 units per year. To be eligible for the program we would need to add a minimum of 24 additional units per year. As noted below staff anticipate the program will add 407 over the three years (~135 a year).

Funding

As outlined in the attached HAF Pre-application guide (pages 9 and 10), funding is based on the following formula based on the number of units constructed as a direct result of the HAF initiatives:

- Base funding: \$20,000 per unit
- Top Up funding:
 - \$15,000 per unit for multi-unit near rapid transit
 - \$12,000 per unit for missing middle housing (i.e. duplex, multiplexes, and townhomes)
 - \$7,000 per unit for other types of multi-unit housing (i.e. apartments)
- Affordable housing bonus: \$19,000 per unit

As outlined below, staff estimate being eligible for a minimum of \$10,712,000 based on the initiatives proposed.

Implementation and Reporting

HAF is unique to many other types of funding as there is not a requirement that the funding to be spent directly on the specific project initiatives, however, there are four categories that spending can fit into:

- HAF project initiatives
- Affordable housing
- Housing-related Infrastructure
- Community-related Infrastructure

Housing needs assessment and the baseline

As part of the application process, municipalities must confirm they have completed a new housing needs report within a three-year period of the funding request. The requirement for this report is presumably to establish the baseline to which the HAF funding would work from. The funding is intended to increase the expected housing by a minimum of 10%.

To meet this requirement, the City hired EcoPlan to complete a new needs assessment based on the 2021 census and more recent building data and trends. Details of that report are included under Council agenda item 8.3. For the purposes of this application however, the baseline for housing units that will be utilized is based on the low growth scenario of a growth rate of 1.1%. While this is slightly below the recent growth rate of the past 5 years, it is more aligned with the historic growth rate of Penticton.

Using that growth rate, the baseline housing units per year that we are building from is: **240 units per year** (number of units that would likely be built regardless of the grant money being spent).

As will be seen below, the grant funding will significantly increase that number. The estimated total number of units proposed to be built above the baseline is 407 units over the 3-year period or ~ 135 units a year. On a yearly basis this adds approximately 787 new residents to the community (504 baseline and 283 with the additional units provided by the grant for a total of 2,361 new Penticton residents over the 3-year program period (~ 2% population growth per year).

Proposed HAF Action Plan Initiatives

With input from the development community, internal staff and the OCP Housing Task Force, seven initiatives that align with the requirements of the program and maximize Penticton's funding opportunity have been created. Proposals must estimate the number of housing units each initiative will enable over the three-year funding cycle. Not all initiatives are required to directly link to housing construction, but must support the implementation of new housing units in some way.

The initiatives included in the City's plan include the following:

- 1. Creation of a residential team:* A three (3) person internal team, consisting of a senior planner, junior planner and building inspector will be hired, supplementing existing Development Services staff, to implement many of the changes proposed below as well as support the efficient processing of residential applications. The team will implement policy changes, fast track engagements, do the proposed land and servicing analysis, stream-line the pre-zoning work, and importantly, will continue the improvements to Cloud Permit, the City's new on-line application processing software, adding Planning applications to the platform.
- 2. Utilizing City land and new civic facilities:* City land will be made available for housing projects based on the needs identified in the City's Housing Needs Assessment report. The City will continue with the ongoing Strategic Lands review to offer consolidated development sites to the marketplace for currently vacant/underutilized properties. In addition to the utilization of civic lands, the incorporation of housing into any new civic buildings will be considered. For example, the City will be looking to build a new Firehall and Emergency Operations Centre (EOS) in the downtown and can

utilize this funding program to add housing to that project. This represents an opportunity for the City to add Affordable Housing above these uses so as to avoid single purpose buildings.

3. *Accelerate new neighbourhood growth:* Since adoption of the North Gateway Plan in 2022, there has been significant development interest but little residential construction. Off-site costs and infrastructure upgrades as well as lengthy rezoning and OCP amendment processes are seen as barriers to the construction of residential developments in these areas. Utilizing the grant funds, the City will incentivize construction by completing some of the servicing upgrades, frontage upgrades and beautification works that would normally be attributed to a developer. Similarly, Council has approved housing in the area around Okanagan College and are working through approvals around the Penticton Regional Hospital for a new neighbourhood development there. Development must occur within the prescribed time period to be eligible for the City's contributions. From a policy perspective, the City will pre-zone lots, in alignment with the development vision of the Council approved plans. Affordable Housing projects within these areas will be eligible for additional density and parking reductions. The implementation of these policies will significantly accelerate new development in these neighbourhoods, which are anticipated to be a multi-decade build outs.
4. *Parking requirement reduction pilot:* As a pilot, parking requirements will be significantly reduced in strategic areas of the community, such as the downtown, college precinct and along major corridors. Early discussion on this could see the elimination of required parking for downtown mixed use projects (housing with commercial), the elimination of the cash-in-lieu provisions on a time sensitive period, waiving parking requirements for any accessory dwelling units (suites / carriage houses etc.) and supporting a 10-25% reduction for certain types of multi-family housing meeting certain conditions. Removing parking requirements will not necessarily mean no parking is provided, but it will be provided based on the market needs as determined by the developer. These reductions would be only eligible for a three-year period, creating urgency to have building permits in place within the grant program period. Reductions in on site parking will require the City to re-focus on off site parking management (management of parking on city lands – on-street and City owned parking lots).
5. *Pre-approved 'missing middle' plans:* Stock plans for carriage house, duplex, triplex and four plex housing, will be created through an expression of interest (EOI) or other competitive process engaging the local design industry. The stock plans will be made available to property owners to use in the re-development of their properties. Redevelopment projects utilizing the plans will forgo typical design review requirements. These plans along with support from the 'housing team' would assist small land owners who may otherwise be intimidated by the development process. This process may also likely reduce risk from lenders – making it easier for homeowners to finance these types of projects.
6. *Remove/revise density and height restrictions:* The City will undertake to review of density & building heights in some neighbourhoods in order to enable higher density developments on select corridors, close to transit & amenities. Sites could be pre-zoned to allow additional density/height. In instances where a developer wishes to exceed the density threshold, a housing agreement would be utilized to secure the additional units as "below market" units. Areas where this could be considered

include the downtown, Westminster corridor, Government Street corridor, Skaha Lake Road, the college precinct and other appropriate areas.

7. *Pre-zone strategic areas:* Strategic analysis of the City's utility servicing capacity will be done to identify areas that may be pre-zoned for development, significantly shortening the time and costs of the development process for these areas. There are areas in the City that are identified by the City's OCP for infill and ground oriented development that are zoned for single family uses only. Certain single family neighbourhoods may be 'pre-zoned' for 3 units (suites plus carriage house). Under this initiative, an analysis of these areas would occur and the lands would be rezoned to unlock the higher uses without requiring the property owners to go through a lengthy zoning processes on an individual lot basis.

Staff note that details of the initiatives may change as they are refined and further research is completed. Several of the initiatives will require additional Council approvals and public processes, such as amendments to bylaws, changes to land use and development regulations. The plan above includes the broad changes proposed.

The grant application guide also stresses a focus on housing with a strong resiliency and sustainability component and housing that supports inclusive, diverse and complete communities. Although not listed as specific initiatives, all of the housing constructed through the program would be required to meet basic energy step code requirements, which mean the resultant housing will be much more energy efficient than standard housing. In addition, the program focusses housing in areas in strategic parts of the community that are walkable and located in close proximity to basic services, creating the complete, diverse and inclusive communities envisioned by the program. These points will be expanded upon in the application.

	HAF Draft Initiatives	Total estimated Housing Impact (over 3 years)	Potential affordable housing units (top up numbers)	Potential missing middle housing units (top up numbers)
1	Creation of an internal housing team	25	3	15
2	Utilizing City land and new civic facilities	72	50	0
3	Accelerate new neighbourhood growth	150	10	0
4	Parking requirement reduction pilot	50	10	0
5	Pre-approved 'missing middle' plans	25	0	25
6	Remove/ revise density & height restrictions	25	15	10
7	Pre-zone strategic areas	60	0	25
		407 units total	88 (eligible for \$19k top up)	75 (eligible for \$12k)
		\$8.14 m	\$1.672m	\$900k

Based on the list of refined HAF action plan initiatives presented above, staff estimate that the number of units achievable over a three-year period in Penticton could be as high as approximately 407, above the baseline established by the recently completed Housing Needs Assessment. This number of units would make Penticton eligible for up to \$10,712,000 in Housing Accelerator funding.

OCP Housing Task Force

On June 29, 2023, the OCP Housing Task Force was presented the draft HAF action plan. The Task Force discussed the proposed initiatives and provided some suggestions, noted below:

- Have a community development lens with the residential team to make it more robust
- Increase accessibility for newcomers to relocate with more ease may be an approach to set our community apart from others of similar demographic
- Highlight working together with other surrounding communities to strengthen application
- Possibility to do pre-approved plans for duplex, triplex and fourplex along the expected Provincial rezoning changes allowing up to 4 units per lot
- Tie Housing Accelerator Fund (HAF) initiatives to climate action and resiliency

On July 12, 2023, the OCP Housing Task Force was presented the updated HAF initiatives based on their feedback from the previous task force meeting. Following some discussion, the task force passed a motion to support the seven HAF initiatives, as presented:

Updated Housing Accelerator Fund (HAF) Initiatives

The Senior Planner, City of Penticton introduced consultant Gordon Easton, Easton Planning and Development to present the proposed Housing Accelerator Fund initiatives.

It was MOVED and SECONDED

**THAT the Official Community Plan – Housing Task Force support the proposed HAF initiatives.
CARRIED UNANIMOUSLY**

Letters of Support

In addition to the support from the OCP Housing Taskforce, the City received letters of support for their application from the Canadian Home Builders Association – South Okanagan (Attachment B) as well as Interior Health (Attachment C). The CHBOSO shared about their involvement in the creation of the initiatives and the impacts that the lack of housing locally has on their industry. Interior Health, similarly shared the importance of housing as a basic need and a strong determinate of health.

Timing / Next Steps

As stated above, the grant application is required to be submitted by August 18, 2023. Staff anticipate high interest in the program from municipalities across the country. Initial discussions with the grant funding program administrators has suggested that the City will know whether we have been successful or not by the Fall.

If Council supports these initiatives in principle, they will be built into the 2024 budget, subject to the grant funding approval. Should the grant not be successful decisions will need to be made at budget time as to which initiatives are appropriate to move forward with through other funding mechanisms.

Financial Implications

Council supported a budget amendment to engage a consultant to assist in the preparation of the application and to complete the required housing needs assessment. \$40,000 was approved for this process.

If all the initiatives are supported by Council, they will be built into the 2024 budget. Staff are still preparing cost estimates on each initiative. Under initial estimates, the grant could potentially be worth over \$10m, which is intended to fully cover all costs of the program, with any remaining funds being transferred to the City's Affordable Housing Reserve.

Disbursement of funds are provided in four, annual, 25% increments. (See pages 13 and 14 of the HAF Pre-application guide for more details.)

- The first 25% is disbursed upon signing of a funding agreement.
- On the one-year anniversary of signing the funding agreement, the City would be required to report on the progress made on the project initiatives, becoming eligible for the second 25% disbursement.
- Step 2 would be repeated on the second anniversary of signing the agreement.
- The fourth 25% disbursement is subject to the City reporting on actual number of building permits issued for new housing units during the previous three-year period. This disbursement is made after the third anniversary of the funding agreement.

These disbursements can be spent within each of the following fiscal years, but there is no requirement for this. The funds can be reserved year-over-year and spent at a time that is at the discretion of the City.

Analysis

The Housing Accelerator Fund provides the city a substantial grant opportunity to support the development of housing in the community, which aligns with Council's Livable and Accessible strategic priority. Furthermore, the grant offers an opportunity to support transformational development over a short period of time – provided much needed housing but also housing in strategically important areas adding vibrancy to the downtown and launching the North Gateway area, among other economic development objectives. Should the City be successful with this application and successful in the implementation of the initiatives, there is the potential for Penticton to enter a period of significant growth and change, welcoming significant governmental and private investment towards the increased vibrancy of the community.

Staff consider the seven action plan initiatives present a progressive and achievable plan, meeting the parameters and objectives of the Housing Accelerator Fund and Council's strategic priority on creating a livable and accessible city.

In the case the City is not successful with the HAF funding, these action plan initiatives may still be pursued in some capacity to support Council's goal of planning for deliberate growth, creating more housing and generally making strides towards a more livable and accessible community.

Staff are recommending that Council support the action plan and seven associated initiatives, which will potentially lead to the building of 407 housing units above our baseline. Staff are also recommending that

Anthony Haddad, General Manager of Community Services be designated by the City as the HAF applicant and be authorized to execute any documents on behalf of the City in the furtherance of the application and subsequent reporting.

1. PURPOSE OF THIS GUIDE

This reference document will help applicants to get ready to apply to the Housing Accelerator Fund (the HAF) administered by the Canada Mortgage and Housing Corporation (CMHC). It informs applicants about program requirements and information that they will need to submit as part of their application. Potential applicants are local authorities as described in section four (4).

Through the provision of incentive funding, the HAF is intended to drive transformational change within the sphere of control of the local government regarding land use planning and development approvals with the overall objective to “accelerate supply” of housing.

As part of the application process, applicants must outline the actions that they will take to increase housing supply and reflect these initiatives in an action plan. Given the time that it may take to prepare the application, including the mandatory action plan and to obtain the necessary local approvals, CMHC is providing this document well in advance of the application intake portal opening.

For greater certainty, the formal application form for the HAF will be made available later in 2023 in support of the launch of the initiative when CMHC is ready to accept applications. It is possible that certain information will be requested within the application form that is not referenced in or that differs from this document.

2. PROGRAM BUDGET

With the launch of the HAF, \$4 billion in funds may be available to local authorities (see definition in section four (4)) to incentivize the implementation of local actions that remove barriers to housing supply, accelerate the growth of supply, and support the development of communities that are aligned with several priorities as described in section three (3).

3. OBJECTIVES

The primary objectives of the program are to create more supply of housing at an accelerated pace and enhance

certainty in the approvals and building process, while also supporting the following priorities:

- Supporting the development of complete communities that are walkable, consisting of appropriate residential density and a diverse mix of land uses, providing access to a wide variety of amenities and services through public and active transportation.
- Supporting the development of affordable, inclusive, equitable and diverse communities that encourage clear pathways to achieving greater socio-economic inclusion largely achieved through the equitable provision of housing across the entire housing spectrum.
- Supporting the development of low-carbon and climate-resilient communities.

As a result of investments towards these objectives and priorities, the HAF is expected to result in permits being issued for 100,000 more housing units than would have occurred without the HAF.

4. ELIGIBLE APPLICANTS

Local governments within Canada, including First Nations, Métis and Inuit governments who have delegated authority over land use planning and development approvals are eligible to apply to the HAF.

In the absence of a municipal-level authority, a regional district or province or territory that has authority for land use planning and development approvals may also apply to the HAF.

5. APPLICATION STREAMS

There are two application streams, as follows:

- **Large/Urban:** A jurisdiction located anywhere in Canada with a population* equal to or greater than 10,000, excluding those within a territory or an Indigenous community.
- **Small/Rural/North/Indigenous:** A jurisdiction located anywhere in Canada with a population* less than 10,000 or within one of the territories or an Indigenous community.

*Population based on 2021 census data.

6. MINIMUM REQUIREMENTS

To be eligible for incentive funding, the applicant must:

- Develop an action plan as part of their HAF application, including satisfying the prescribed minimum number of initiatives as outlined in section seven (7). The purpose of the action plan is to outline a housing supply growth target and the specific initiatives that the applicant will undertake to grow housing supply and speed up housing approvals.
- Commit to a housing supply growth target within their action plan that increases their average annual rate of growth by at least 10%. The growth rate must also exceed 1.1%*. Formulas for these calculations are available in Appendix A of this guide – refer to row 9 and row 8.
- Complete or update a housing needs assessment report** and include a reoccurring scheduled review date within the report to ensure that the needs assessment is kept current.
 - The requirement to complete or update a housing needs assessment report may be waived if the applicant recently completed or updated their housing needs assessment. Applicants that have completed or updated their housing needs assessment within two years of the 2022 federal budget announcement (April 7, 2022) can request that this requirement be waived. If there is no reoccurring scheduled review date on this existing housing needs assessment report, there remains a requirement to add a reoccurring scheduled review date.
- Submit periodic reports to CMHC in the form and timelines prescribed. See section 12 for additional details. This includes:
 - Progress reporting on the initiatives and commitments within the action plan.
 - Micro-level permit data for residential buildings for all permitted units.
 - Details that support that HAF funding was used for a permitted purpose.

*CMHC may consider growth targets that fall outside these program guidelines on a case-by-case basis considering actual applications received. Applicants are encouraged to put forward the strongest application possible. Refer to section nine (9) for details on the evaluation criteria.

**For those that need to complete or update their housing needs assessment, resources are available on [CMHC's website](#). The report is not required to be completed at the time of application submission, but it must be completed within the prescribed timeframe (i.e., the third reporting period). See section 13 for details on the reporting schedule.

7. ACTION PLANS

Applicants must provide an action plan as part of their application, which will assist CMHC in selecting applicants. If selected by CMHC, the action plan will form part of the contribution agreement. Refer to Appendix A for details on the type of information required as part of the application, including the action plan.

Each applicant must assess its own housing needs, challenges, and opportunities in considering whether to apply under the HAF. Applicants are encouraged to consider regional matters in developing their action plans. Applicants may wish to consult the information available on the Statistics Canada website as part of its assessment. [Table 98-10-0002-02](#) provides information on population and dwelling counts for provinces, territories, and census subdivisions.

Housing supply growth target

Within the action plan submitted as part of the application for HAF, the applicant will be required to provide two projections to CMHC as outlined below. The applicant must calculate their own projections based on reasonable assumptions and data sources, including Statistics Canada and/or its own administrative data. There is no prescribed formula; however, projections should be based on a three-year period ending September 1, 2026.

- The total number of permitted housing units projected **without** HAF.
- The total number of permitted housing units projected **with** HAF. This second projection is what is referred to as the "housing supply growth target."

For the purpose of determining if the committed growth rate satisfies the minimum 10% increase and exceeds 1.1%, the following formulas will be used by CMHC:

- The annual projected growth rate without HAF: the total number of permitted housing units projected without HAF/3 years/current total number of dwellings *100%.
- The annual projected growth rate with HAF: the total number of permitted housing units projected with HAF/3 years/current total number of dwellings *100%.

The current total number of dwellings should be consistent with the applicant's 2021 census data adjusted for additional dwellings built since that reporting period.

Additional targets

Applicants will also be able to set targets based on the type of housing supply that is projected to be permitted with the support afforded by the HAF program. These additional targets will increase the amount of funding available to the proponent if selected to participate in the program. The targets can be set for housing types that align with the priorities of the HAF program, which include:

- Multi-unit housing (in close proximity to rapid transit)
- Multi-unit housing (missing middle)
- Multi-unit housing (other)
- Affordable housing units.

Refer to section 10 for an overview of the funding methodology and definitions for each type of housing.

Action plan initiatives

The action plan must include initiatives that will help the applicant achieve their committed housing supply growth target and any additional targets. The action plan items must support enhancements achievable within the program's timeframe, but the intent is for changes to outlive the HAF.

The minimum number of initiatives depends on the application stream, as follows:

- **Large/Urban:** A minimum of seven initiatives.
- **Small/Rural/North/Indigenous:** A minimum of five initiatives.

All initiatives included within the action plan should be new initiatives that have not yet started. In exceptional circumstances, CMHC may be willing to consider initiatives that started after the 2022 federal budget (April 7, 2022), which announced the Housing Accelerator Fund, in cases where an applicant may be challenged to meet the prescribed minimum number of initiatives.

The applicant must indicate how each initiative will increase the supply of housing and associated timelines, as well as any other expected results.

The applicant must identify and explain how each proposed initiative supports at least one of the objectives of the program (see section three (3)).

The following list of initiatives are aligned with the objectives of the HAF program and reflect common practices in urban planning, contributing to more housing supply. Applicants are encouraged to select from this list where it makes sense to do so given the local context. There is flexibility for CMHC to consider alternative initiatives proposed by applicants. Actions that do not support the objectives of the program will not be considered.

- Promoting high-density development without the need for rezoning (as-of-right zoning), e.g., for housing developments up to 10 stories that are in proximity (within 1.5km) of rapid transit stations and reducing car dependency
- Allowing increased housing density (increased number of units and number of storeys) on a single lot including promoting "missing middle" housing forms typically buildings less than 4 stories
- Encouraging Accessory Dwelling Units—a second smaller unit on the same property as a primary unit
- Enable mixed-use redevelopment of city-owned properties, while where appropriate maintaining the current government use, e.g., building housing on top of a library or office space
- Promoting infill developments (adding new units to existing communities) with increased housing density and a variety of unit types (e.g., duplexes or secondary suites)
- Implementing rental only zoning
- Implementing land use changes mandating a minimum number of family units (units with more than two bedrooms) or allowing for office conversions to residential with minimum family unit requirements
- Implementing revised parking requirements such as reduced or eliminated parking spaces for new developments
- Implementing disincentives, costing or fee structures to discourage such things as unit vacancy, underdeveloped/ idle land, and low-density forms of housing
- Ensuring that development and amenity charges – fees that cover necessary infrastructure to support new housing and amenities such as libraries and recreation centres in and adjacent to the communities where development is occurring – are clear, transparent and pre-determined (not subject to negotiation)

- Aligning development charges with the costs of infrastructure and servicing
- Implementing incentives, costing or fee structures, for example density bonusing, to encourage such things as affordable housing and conversions from non-residential to residential
- Waiving public hearings on all affordable housing projects that conform to the official community plan
- Implementing measures to address or prevent flood plain or climate change risk for example making flood plains park land and/or creating relocation programs to move housing units out of at-risk areas
- Incorporating a climate adaptability plan into Official Community Plan
- Promoting and allowing more housing types that serve vulnerable populations
- Promoting regulated multi-tenanted housing forms (e.g., boarding houses or single room occupancy)
- Implementing inclusionary zoning (the requirement that a developer builds a certain percentage of their units at affordable (below market) prices or rents) in ways that foster development
- Encouraging alternative forms of housing construction such as modular housing, manufactured housing, and prefabricated housing
- Create a process for the disposal of city-owned land assets for the development of affordable housing as-of-right (not requiring rezoning)
- Implementing new/enhanced processes or systems such as case management, e-permitting, land and building modelling
- Implementing changes to decision making such as delegating development approval authority to municipal staff based on established thresholds or parameters
- Partnering with non-profit housing providers to preserve and increase the stock of affordable housing
- Updating infrastructure planning to align with official community plans, growth targets, and housing needs assessment

- Reducing and streamlining urban design and character guidelines, i.e., elimination of height restrictions, visual character requirements, view cones, setbacks, etc.

It is the responsibility of the applicant to determine and confirm that it has the requisite authority, expertise, capacity, and resources to implement any and all chosen initiatives. The contribution agreement shall include a representation and warranty by the applicant confirming the above and CMHC will be relying on the representation and warranty without any independent investigation. All action plans must be approved by elected Council (or equivalent, including delegated authority) and include an attestation of the applicant's Chief Financial Officer (or equivalent) on the viability of the plan using the prescribed form. The attestation must be obtained by the applicant before applying to the HAF. The approval may be obtained by the applicant before applying to the HAF and is required before the contribution agreement is signed.

Note: CMHC may provide successful applicants with an opportunity to propose additional initiatives and increase their housing supply growth target in the event there is unused funding in the later years of the program.

8. INCENTIVE FUNDING AND PERMITTED USES

The HAF is about driving transformational change and creating the conditions for more housing supply over the short and longer term. The HAF is intended to incent applicants to commit to change, show progress and be provided with funding in return.

For clarity, HAF is not directly underwriting specific housing projects or reimbursing proponents for specific costs incurred. Rather, HAF funding can be used in support of housing under any of the following four categories. For further details on how HAF funding would be advanced refer to section 13.

Permitted uses of HAF funding:

- Investments in Housing Accelerator Fund Action Plans
 - any initiative included in the proponent's action plan and approved by CMHC.
- Investments in Affordable Housing
 - construction of affordable housing
 - repair or modernization of affordable housing
 - land or building acquisition for affordable housing.
- Investments in Housing-related Infrastructure
 - drinking water infrastructure that supports housing
 - wastewater infrastructure that supports housing
 - solid waste management that supports housing
 - public transit that supports housing
 - community energy systems that support housing
 - disaster mitigation that supports housing
 - brownfield redevelopment that supports housing
 - broadband and connectivity that supports housing
 - capacity building that supports housing
 - site preparation for housing developments.
- Investments in Community-related Infrastructure that supports housing
 - local roads and bridges
 - sidewalks, lighting, bicycle lanes
 - firehalls
 - landscaping and green space.

Proponents will be asked to estimate how much of their funding will be allocated to each category as part of their application (% of total estimated funding). If approved to participate in the program, proponents must report on how HAF funding was used in the form and timelines prescribed. Additional information on reporting requirements can be found in section 12.

Subject to the permitted uses outlined above, HAF funding can be used in conjunction with other CMHC or federal government programs, unless expressly prohibited under the terms of such initiatives. Please note that funding from the HAF will not be considered as local or PT (Provinces & Territories) cost-matching under the existing CMHC-PT NHS bilateral agreements, which exclude contributions from Government of Canada sources or from CMHC.

9. EVALUATION CRITERIA

CMHC will review all applications to determine if they meet program requirements of the HAF. The evaluation of the application will be based on the criteria listed in Table 1. All applications will be assessed and scored.

All initiatives outlined in the action plan will be individually assessed and scored; however, for prioritization purposes only the top five initiatives under the Small/Rural/North/Indigenous stream or top seven initiatives under the Large/Urban stream will be considered. While only the top five or seven initiatives will be used for prioritization purposes, additional initiatives should still be put forward within the action plan as required to support the committed housing supply growth target and alignment with HAF priorities.

The evaluation criteria are used to assess the application and to determine which applicants are selected to participate in the HAF. It will **not** dictate funding amounts. There is a separate funding framework for those that are selected to participate in the program. Refer to section 10 for the funding methodology.

Table 1: Evaluation criteria

Criteria	Assessment and Prioritization
<p>The commitment to increase housing supply</p> <p>Total available points: 10</p>	<p>Strong proposals will demonstrate a commitment to increase the supply of housing above the minimum requirements of the program.</p> <ul style="list-style-type: none"> • Annual growth rate: <ul style="list-style-type: none"> – over 2.5% - 5 points – 1.5% to 2.5% - 3 points – 1.1% to 1.4% - 1 point. • Annual growth rate percentage change: <ul style="list-style-type: none"> – over 20% - 5 points – 15% to 20% - 3 points – 10% to 14% - 1 point.
<p>The relevance of the initiative outcome(s) to one or more of the objectives of the HAF</p> <p>Total available points: NA (pass/fail)</p>	<p>Proposed initiatives within the action plan will be assessed to confirm if they support one or more of the following objectives, including priority areas:</p> <ul style="list-style-type: none"> • Creating more supply of housing at an accelerated pace and/or enhancing certainty in the approvals and building process. • Supporting the development of complete communities that are walkable consisting of appropriate residential density and a diverse mix of land uses providing access to a wide variety of amenities and services through public and active transportation. • Supporting the development of affordable, inclusive, equitable and diverse communities that encourage clear pathways to achieving greater socio-economic inclusion largely achieved through the equitable provision of housing across the entire housing spectrum. • Supporting the development of low-carbon and climate-resilient communities.
<p>The effectiveness of the initiative on increasing the supply of housing</p> <p>Total available points: 20</p>	<p>Proposed initiatives within the action plan will be assessed based on:</p> <ul style="list-style-type: none"> • Implementation: The time it will take to complete the initiative. <ul style="list-style-type: none"> – within 1 year - 5 points – within 2 years - 3 points – over 2 years - 1 point. • Supply Impact: The extent to which the initiative will improve housing and community outcomes. <ul style="list-style-type: none"> – high degree of improvement - 5 points – medium degree of improvement - 3 points – low degree of improvement - 1 point. • Timeliness: The time it will take to start to achieve additional permitted units as a result of the initiative. <ul style="list-style-type: none"> – within 1 year - 5 points – within 2 years - 3 points – over 2 years - 1 point. • System Impact: The extent to which the initiative increases stability and predictability in the housing system. <ul style="list-style-type: none"> – high degree of stability and predictability - 5 points – medium degree of stability and predictability - 3 points – low degree of stability and predictability - 1 point.
<p>The need for increased housing supply</p> <p>Total available points: 5</p>	<p>While not a mandatory requirement at the time of application submission, strong proposals will demonstrate housing needs as evidenced by a current housing needs assessment report.</p> <ul style="list-style-type: none"> • Yes, a current report is available - 5 points • No, a current report is not available - 0 points.

There is only one planned intake window. CMHC will consider take-up across jurisdictions and may adjust application rankings to support a national distribution. CMHC will make formal recommendations to the Minister of Housing and Diversity and Inclusion. Once approvals and final funding decisions are made, CMHC will advise applicants of the outcome.

10. FUNDING METHODOLOGY

For those applicants that are selected for participation in the HAF program (see section nine (9)), a funding framework will be used to determine the amount of funding per successful applicant.

There are three components of the funding framework: (1) base funding, (2) top-up funding and (3) an affordable housing bonus. For the base funding, the per unit amount will be higher for applications pertaining to the territories or Indigenous communities.

While the funding envelope is determined on the basis of per unit amounts, the HAF incentive funding is designed to support the costs associated with the initiatives within the action plan, as well as any other permitted use of funds in order to accelerate the supply of housing in Canada (see section eight (8) for permitted uses of funds). The proponent will have flexibility in how HAF funding is used provided it is for a permitted use.

Components of the funding framework:

- 1. Base funding** is designed to incent all types of supply across the housing spectrum. Base funding is estimated at \$20K* per HAF incented unit (\$40K* per HAF incented unit for applications pertaining to the territories or an Indigenous community). The per unit amount will be multiplied by the number of HAF incented units. HAF incented units refers to the difference between two

projections: (1) the number of permitted units that are anticipated **without** the support afforded by the HAF program and (2) the number of permitted units that are anticipated **with** the support afforded by the HAF program. The latter would establish the housing supply growth target, which would be included in the action plan and reflected in the contribution agreement.

- 2. Top up funding** is designed to incent certain types of housing supply. Top up funding will depend on the type of housing and the associated projected increase in the number of permitted units. There is no top up funding available for single detached homes. The value ascribed to each category will be multiplied by the associated projected increase in the number of permitted units. The targets established for each unit type would be included in the action plan and reflected in the contribution agreement.
- 3. Affordable housing bonus** is designed to reward an applicant that can increase its share of affordable housing units relative to the total projected permitted units with the support afforded by the HAF. The percentage growth will be multiplied by the ascribed value and then by the total projected permitted units with the support afforded by the HAF. The target would be included in the action plan and reflected in the contribution agreement.

*All per unit amounts for the base funding, top up funding and affordable housing bonus are estimated amounts that may assist potential applicants for budgeting purposes. CMHC may adjust these amounts and this flexibility is to help ensure that CMHC can support higher than anticipated housing supply growth targets and outcomes across Canada within the overall program funding.

The following tables provide an illustrative example of the funding framework.

Table 2: Base Funding

	Total projected permitted units without HAF	Total projected permitted units with HAF	HAF incented units	Per unit amount	Base funding amount
Base funding	5,500	6,000	500	\$20,000*	\$10,000,000

A total of 500 HAF incented units * \$20K per unit = \$10M.

*All per unit amounts for the base funding, top up funding and affordable housing bonus are estimated amounts that may assist potential applicants for budgeting purposes. CMHC may adjust these amounts and this flexibility is to help ensure that CMHC can support higher than anticipated housing supply growth targets and outcomes across Canada within the overall program funding.

Table 3: Top-up Funding

	Total projected permitted units without HAF by type of housing	Total projected permitted units with HAF by type of housing	Increase in housing type (#)	Per unit amount	Top-up funding amount
Single detached homes	2,000	2,100	100	\$0	\$0
Multi-unit housing (in close proximity to rapid transit)	400	450	50	\$15,000*	\$750,000
Multi-unit housing (missing middle)	1,000	1,250	250	\$12,000*	\$3,000,000
Multi-unit housing (other)	2,100	2,200	100	\$7,000*	\$700,000
Total units	5,500	6,000	500		
Top up funding					\$4,450,000

For example, an increase of 250 missing middle housing units * \$12K per unit = \$3M.

*All per unit amounts for the base funding, top up funding and affordable housing bonus are estimated amounts that may assist potential applicants for budgeting purposes. CMHC may adjust these amounts and this flexibility is to help ensure that CMHC can support higher than anticipated housing supply growth targets and outcomes across Canada within the overall program funding.

Table 4: Affordable Housing Bonus

	Total projected affordable units permitted without HAF (%)	Total projected affordable units permitted with HAF (%)	Increase in the share of affordable housing units (%)	Per unit amount	Affordable housing bonus amount
Affordable housing bonus	2.00%	3.50%	1.50%	\$19,000*	\$1,710,000

An increase in the share of affordable housing units of 1.50% * 6,000 total projected permitted units with HAF * \$19K per unit = \$1.71M.

*All per unit amounts for the base funding, top up funding and affordable housing bonus are estimated amounts that may assist potential applicants for budgeting purposes. CMHC may adjust these amounts and this flexibility is to help ensure that CMHC can support higher than anticipated housing supply growth targets and outcomes across Canada within the overall program funding.

Total Incentive Funding: \$16,160,000

Base funding (\$10M) + top up funding (\$4.45M) + affordable housing bonus (\$1.71M) = \$16.16M

The average amount for each HAF incented unit is: \$32,320

Total incentive funding of \$16.16M / the number of HAF incented units of 500 = \$32,320

Definitions

- Single-detached homes refers to a building containing 1 dwelling unit, which is completely separated on all sides from any other dwelling or structure. This includes link homes, where 2 units may share a common basement wall but are separated above grade. It also includes cluster-single developments.
- Multi-unit housing in close proximity to rapid transit refers to any form of multi-unit housing in close proximity (1500m) to rapid transit, which operates frequent service with high capacity and priority over other modes of transportation typically achieved through an exclusive right-of-way.
- Multi-unit housing characterized as missing middle refers to ground-oriented housing types. This includes garden suites, secondary suites, duplexes, triplexes, fourplexes, row houses, courtyard housing, low-rise apartments (4 storeys or less).
- Other multi-unit housing refers to all multi-unit housing excluding missing middle and multi-unit housing in close proximity to rapid transit.
- Affordable housing refers to housing units that are intended for households whose needs are not met by the marketplace. The local definition will be used for the purposes of HAF or in the absence thereof the provincial/territorial definition.

11. MINIMUM DOCUMENTATION REQUIREMENTS

To support their application, applicants will be asked to submit the following minimum documentation:

- Completed application form, including action plan
- Signed integrity declaration
- Most recent audited financial statements (if not available publicly)
- Current housing needs assessment report (if available at time of application)
- Attestation letter signed by the applicant's Chief Financial Officer (or equivalent) using the prescribed form on viability of the action plan.

The action plan template will provide applicants with an opportunity to outline stated goals, objectives, and expected results. The applicant should be able to provide analysis or statistics to support the initiatives put forward in the action plan. This supporting information could be referenced directly in the application or be submitted as supporting documentation, for example, the applicant may wish to refer to a recent housing needs assessment, or other report outlining needs or opportunities for increased housing supply growth.

12. REPORTING REQUIREMENTS

There are three main reporting obligations under the HAF. The proponent will be required to adhere to specific reporting requirements, which include:

- Progress on the initiatives and commitments outlined in the action plan.
 - Actual start and completion date of each initiative
 - Percentage complete for each initiative
 - Overall status for each approved initiative (i.e., Completed, On Track, Delayed, Not Started)
 - Start and completion date of the milestone(s) for each initiative
 - Overall status for the milestone(s) for each initiative (i.e., Completed, On Track, Delayed, Not Started)
 - Rationale for the status of each initiative and/or milestone. Where there are delays and/or milestones have not been met, the applicant must provide a detailed rationale, including a proposed plan to get the initiative back on track
 - Number of net new units permitted for residential buildings during the reporting period*.

*Permitted unit refers to units for which building permits for new housing construction were issued during the reporting period for residential buildings. The reference to "net" is to consider any demolitions or conversions that may have also taken place during that period. i.e., any units that are lost to the housing stock by way of demolitions or conversions from residential to non-residential will be subtracted from the number of permitted residential units to arrive at the net total.

- Permit data for all housing units permitted during the reporting period. CMHC plans to leverage the data points consistent with Statistics Canada Building Permits Survey for consistency purposes.
 - Permit number
 - Submission date of permit request
 - Issue date of permit
 - Construction/demolition location (site address)
 - Type of building code
 - Type of work code
 - Dwelling units created (if applicable)
 - Dwelling units lost (if applicable)
 - Units demolished (if applicable)
 - Secondary suite
 - Number of stories.
- Details on how HAF funding was used during the reporting period.
 - Category and sub-category of incentive funding (see section eight (8) of this document)
 - Annual dollar amount per category and sub-category
 - Cumulative dollar amount per category and sub-category.
 - Details on capital projects facilitated with HAF funding.

There may be additional data points required as part of the reporting requirements listed above. Explanations for the data points will be made available for each reporting requirement in support of the HAF application intake opening later in 2023.

Proponents will be required to make progress reports and how funds were used public through normal governance mechanisms or other means deemed appropriate by the proponent.

13. ADVANCING AND REPORTING SCHEDULES

There will be a total of four advances to successful applicants (referred to herein as proponents), with one advance planned for each year of the program. Each advance will be subject to conditions including those noted below.

The reporting obligations for proponents will be outlined in the contribution agreement. Reporting will be required at the following intervals: (i) a report on a prescribed form due no later than 6 months following the date the agreement is signed; and (ii) for each subsequent advance, reports on a prescribed form due within 60 days of the anniversary of the agreement. A final report on the use of the HAF funds will be due within 90 days of the fourth anniversary of the agreement.

The reports provided below must be accompanied by an attestation of the applicant's Chief Financial Officer or equivalent (on a prescribed form), which confirms that the proponent remains in compliance with the terms and conditions of the contribution agreement and that the proponent's representations and warranties remain true. Requests for annual payments are dependent on meeting applicable reporting obligations.

Advance	Conditions
<p>Year 1 First advance: 25% of total approved funding*</p>	<p>An upfront advance will be provided to the proponent. The upfront advance is intended to enable the proponent to start the initiatives outlined in their action plan and to pursue other investments in housing provided the funds are used for a permitted use(s).</p> <p>First reporting period (first 6 months of agreement): No later than 6 months following the agreement date the proponent must submit to CMHC a letter (in a prescribed form) attesting that it is on track to undertake items outlined in its action plan and otherwise fulfil its reporting obligations under HAF. No supporting details are required to be submitted unless expressly requested by CMHC at that time.</p>
<p>Year 2 Second advance: 25% of total approved funding</p>	<p>Second reporting period (first year of agreement): Within 60 days of the first anniversary of the agreement the proponent must submit to CMHC the following:</p> <ul style="list-style-type: none"> • A progress report on the action plan initiatives and commitments. This report will be on a prescribed form. • A report that includes micro-level permit data for residential buildings for all permitted units issued during the annual reporting period. This report will be on a prescribed form. • A report that outlines how HAF funds were spent by the proponent during the annual reporting period. This report will be on a prescribed form. • A letter attesting that the proponent is on track to completing the items outlined in their action plan and has fulfilled its annual reporting obligations. This letter will be on a prescribed form.
<p>Year 3 Third advance: 25% of total approved funding</p>	<p>Third reporting period (second year of agreement): Within 60 days of the second anniversary of the agreement the proponent must submit to CMHC the following:</p> <ul style="list-style-type: none"> • A progress report on the action plan initiatives and commitments. This report will be on a prescribed form. All initiatives are required to be completed in support of the request for the third annual advance, including the housing needs assessment, as applicable. • A report that includes micro-level permit data for residential buildings for all permitted units issued during the annual reporting period. This report will be on a prescribed form. • A report that outlines how HAF funds were spent by the proponent during the annual reporting period. This report will be on a prescribed form. • A letter attesting that the proponent has completed the initiatives outlined in their action plan, is on track to achieving growth targets and has fulfilled its annual reporting obligations. This letter will be on a prescribed form.

*CMHC may on a case-by-case basis consider a higher first advance.

(Continued)

Advance	Conditions
<p>Year 4 Fourth advance: 25% of total approved funding</p>	<p>Fourth reporting period (third year of agreement): Within 60 days of the third anniversary of the agreement the proponent must submit to CMHC the following:</p> <ul style="list-style-type: none"> • A report confirming achievement of the housing supply growth target and any other targets established in the action plan. This report will be on a prescribed form. • A report that includes micro-level permit data for residential buildings for all permitted units issued during the annual reporting period. This report will be on a prescribed form. • A report that outlines how HAF funds were spent by the proponent during the annual reporting period. This report will be on a prescribed form. • A letter attesting that the proponent has achieved the housing supply growth target and any other targets outlined in the action plan and has fulfilled its annual reporting obligations. This letter will be on a prescribed form.
<p>NA</p>	<p>Fifth reporting period (fourth year of agreement): Within 90 days of the fourth anniversary of the agreement the proponent must submit to CMHC the following:</p> <ul style="list-style-type: none"> • A report that outlines how HAF funds were spent by the proponent during the annual reporting period. It is expected that all funds be spent before this final report is submitted and fully accounted for in the report. This report will be on a prescribed form.

CMHC will consider all relevant circumstances when determining whether to approve a request for advance during the prescribed timelines. CMHC will work with the proponent to address situations where achievement is delayed or not progressing as planned. If satisfactory arrangements to rectify the situation are not implemented, then CMHC may reduce or withhold payment of advances. CMHC will communicate funding decisions in writing.

14. CONTRIBUTION AGREEMENT

To participate in the program, approved applicants will be required to enter into a contribution agreement with CMHC in which it agrees to the commitments and to undertake the initiatives set out in the action plan. The form of contribution agreement will be made available closer to when the portal will be opening later in 2023.

15. APPLICATION PROCESS

The following provides a high-level overview of the application process:

- CMHC publishes program parameters and pre-application reference material, including an action plan template on its [website](#)
- Applicants assess their own local context, including housing challenges and opportunities
- Applicants develop an action plan unique to their needs in support of HAF, aligned with the prescribed action plan template
- Applicants obtain appropriate approvals
- CMHC invites applicants to apply/portal opens for application submissions
- Applicants submit their application to CMHC, including their action plan
- CMHC will evaluate and prioritize applications
- CMHC will advise the applicant on the status of their application
- For approved applications, CMHC will confirm the total amount of funding available to incent new housing supply, expectations on progress reports, and the planned schedule of payments
- If approved, the proponent signs the contribution agreement. If not already obtained, Council approval (or equivalent) of the action plan is required before the proponent enters into the contribution agreement
- The action plan will form part of the contribution agreement between CMHC and the proponent.

16. IMPORTANT DATES

The following provides an overview of planned activities. Some modifications may be required as CMHC prepares for implementation. CMHC will provide further details as they become available.

- Detailed program parameters published by CMHC
March 2023
- Potential applicants consider the program and develop their action plans if interested in applying
- Launch and opening of the application intake portal
Summer 2023
- All HAF participants selected Summer/Fall 2023
- First advances processed Summer/Fall 2023
- First reporting period is 6 months following the date the agreement is signed
- Second reporting period is the first anniversary of the agreement, reports due within 60 days
- Second advances processed Summer/Fall 2024
- Third reporting period is the second anniversary of the agreement, reports due within 60 days
- Third advances processed Summer/Fall 2025
- Fourth reporting period is the third anniversary of the agreement, reports due within 60 days
- Fourth advances processed Summer/Fall 2026
- Fifth reporting period is the fourth anniversary of the agreement, final use of funds report due within 90 days.

APPENDIX A: APPLICATION DETAILS

CMHC anticipates that the following information will be required in the HAF application form, but applicants should be aware that additional information may be requested in CMHC's sole discretion.

1. GENERAL					
Section A: Applicant Information					
1.1. Organization Name (English)					
1.2. Organization Name (French)					
1.3. Organization Legal Name					
1.4. Organization Office Address	Street Number	Street Name	Street Type	Street Direction	Unit
	City		Province/Territory	Postal Code	
1.5. Applicant Contact Name (First and Last Name)					
1.6. Contact Email					
1.7. Contact Business Phone					
1.8. Contact Office Address	Street Number	Street Name	Street Type	Street Direction	Unit
	City		Province/Territory	Postal Code	
1.9. Primary Contact Preferred Language	English	French			
1.10. Applicant Stream	Large/Urban	Small/Rural/North/Indigenous			
1.11. Applicant Type	Local government Indigenous government Regional district Provincial or territory				
1.12. Council Approval	Indicate if Council approval (or equivalent) of the application has been obtained at the time of application submission. Yes No				

2. ACTION PLAN

Section B: Targets and Other Estimates

Projections should be based on a three-year period ending no later than September 1, 2026.

1. Total number of housing units projected to be permitted without any support afforded by HAF. If this projection does not align with historical trends, use the comment box below to explain and provide supporting details or analysis.	[insert number]
Provide a breakdown by type of housing:	
1.1 Single detached homes	[insert number]
1.2 Multi-unit housing (in close proximity to rapid transit)	[insert number]
1.3 Multi-unit housing (missing middle)	[insert number]
1.4 Multi-unit housing (other)	[insert number]
Total:	[calculated field: row 1.1 + row 1.2 + row 1.3 + row 1.4 must equal row 1]
2. Total number of housing units projected to be permitted with the support afforded by the HAF. This is referred to as the "HAF housing supply growth target."	[insert number]
Provide a breakdown by type of housing:	
2.1 Single detached homes	[insert number]
2.2 Multi-unit housing (in close proximity to rapid transit)	[insert number]
2.3 Multi-unit housing (missing middle)	[insert number]
2.4 Multi-unit housing (other)	[insert number]
Total:	[calculated field: row 2.1 + row 2.2 + row 2.3 + row 2.4 must equal row 2]
Provide a breakdown by year of the HAF program:	
2.5 For the year ending September 1, 2024	[insert number]
2.6 For the year ending September 1, 2025	[insert number]
2.7 For the year ending September 1, 2026	[insert number]
Total:	[calculated field: row 2.5 + row 2.6 + row 2.7 must equal row 2]
3. Total number of "HAF incented units" (units projected with HAF minus units projected without HAF).	[calculated field: row 2 minus row 1]
4. Percentage of affordable units projected to be permitted without any support afforded by HAF.	[insert percentage] %
5. Percentage of affordable units projected to be permitted with the support afforded by HAF.	[insert percentage] %
6. Total number of dwellings (i.e., current housing stock)	[insert number]
7. Projected average annual housing supply growth rate without HAF	[calculated field: row 1 / 3 years / row 6 * 100] %
8. Projected average annual housing supply growth rate with HAF (must exceed 1.1%)	[calculated field: row 2 / 3 years / row 6 * 100] %
9. Projected increase in the housing supply growth rate (increase of at least 10%)	[calculated field: (row 8 minus row 7) / row 7]

Comments

Section C: Initiatives	
Initiative 1	[name the initiative]
Initiative Type	[select initiative from drop down – select the best one that applies]
Description	[provide a brief description of the initiative, including its goals and objectives]
Start Date	[start date or estimated start date yyyy/mm/dd]
Completion Date	[estimated completion date yyyy/mm/dd]
Estimated Costs	[estimated costs for implementing the initiative \$0.00]
Expected Results	[estimated number of permitted units the initiative will incent] [estimated number of permitted units the initiative will incent within the 3-year projection period] [other expected results]
Evaluation Criteria	<p>The following evaluation criteria will be used to assess the application.</p> <ul style="list-style-type: none"> - The committed housing supply growth rate will be used as part of the assessment criteria. <p>This initiative supports the following objectives (select all that apply):</p> <ul style="list-style-type: none"> Creating more supply of housing at an accelerated pace and enhancing certainty in the approvals and building process. [explain how the initiative supports the area selected] Supporting the development of complete communities that are walkable consisting of appropriate residential density and a diverse mix of land uses providing access to a wide variety of amenities and services through public and active transportation. [explain how the initiative supports the area selected] Supporting the development of affordable, inclusive, equitable and diverse communities that encourage clear pathways to achieving greater socio-economic inclusion largely achieved through the equitable provision of housing across the entire housing spectrum. [explain how the initiative supports the area selected] Supporting the development of low-carbon and climate-resilient communities. [explain how the initiative supports the area selected] <p>Answer the following questions in relation to the proposed initiative:</p> <ul style="list-style-type: none"> - Duration: How long will it take to complete/implement the initiative? [options include: within 1 year, within 2 years, over 2 years] [explain] - Timeliness: How long will it take to start to achieve additional permitted units as a result of the initiative? [options include: within 1 year, within 2 years, over 2 years] [explain] - Supply Impact: The extent to which the initiative will improve housing and community outcomes. [options include: high degree of improvement, medium degree of improvement, low degree of improvement] [explain] - System Impact: The extent to which the initiative increases stability and predictability in the housing system. [options include: high degree of stability and predictability, medium degree of stability and predictability, low degree of stability and predictability] [explain] - While not a mandatory requirement at the time of application submission, the presence of a current housing needs assessment will be considered as part of the assessment criteria.
Milestone 1	[name of milestone]
Description	[provide a brief description of the milestone]
Start Date	[estimated start date yyyy/mm/dd]
Completion Date	[estimated completion date yyyy/mm/dd]
+ADD Milestone	
+ADD Initiative	

Section D: Housing Needs Assessment

The applicant is expected to complete or update a housing needs assessment report to support its efforts to accelerate the supply of housing. This report is required in support of the request for the third annual advance. Applicants that have recently, within two years of the 2022 federal budget announcement (April 7, 2022), completed or updated their housing needs assessment can request that this requirement be waived. If there is no reoccurring scheduled review date on this existing housing needs assessment report, there remains a requirement to add a reoccurring scheduled review date in support of the request for the third annual advance.

Select the appropriate option below:

The applicant has recently, within two years of the 2022 federal budget announcement (April 7, 2022), completed a housing needs assessment report and there is a reoccurring scheduled review date already included in the report. The applicant is requesting that the housing needs assessment requirement be waived. If this option is selected, please submit the most recent housing needs assessment report with the application.

The applicant has recently, within two years of the 2022 federal budget announcement (April 7, 2022), completed a housing needs assessment report, but it will need to be updated to include a reoccurring scheduled review date. The applicant will add a reoccurring scheduled review date in support of the request for the third annual advance.

The applicant does not have a housing needs assessment report. The applicant will complete one and include a reoccurring scheduled review date in the report. This will be completed in support of the request for the third annual advance.

3. OTHER INFORMATION

Section E: Historical Building Permit Issuances

Summarize the number of net new units permitted for residential buildings over the prescribed reporting period and associated number of permits issued (i.e., the new construction permit/first permit issued only).

	Number of Units Permitted	Associated Number of Permits Issued
For the year ending December 31, 2022		
For the year ending December 31, 2021		
For the year ending December 31, 2020		
For the year ending December 31, 2019		
For the year ending December 31, 2018		

Section F: Permitted Use of Funds

For information purposes only. Using the illustrative examples provided by CMHC in its published program material, the applicant estimates that they may be eligible for a total of \$_____ under HAF. Based on this assumption, it is estimated that HAF funding will be used for the following purposes:

Permitted Uses	Applicant's Estimate %	Applicant's Estimate \$
Investments in HAF action plan items (include estimates by year of program)	YR1 _____%	YR1 \$ _____
	YR2 _____%	YR2 \$ _____
	YR3 _____%	YR3 \$ _____
	Total _____%	Total \$ _____
Investments in affordable housing	_____%	\$ _____
Investments in housing-related infrastructure	_____%	\$ _____
Investments in community-related infrastructure that supports housing	_____%	\$ _____

Supplementary information if available. Describe all known capital projects that HAF funding could help facilitate.

Comments

Section G: Infrastructure Needs

For information purposes only. To ensure better alignment and integrated planning of housing and infrastructure investments, CMHC is collecting the following information. The applicant consents to CMHC sharing this information and other information pertaining to its application under the Housing Accelerator Fund with Infrastructure Canada, other federal departments and agencies and provincial and territorial governments to support coordination.

Describe how the local authority will ensure that new housing supply adequately aligns with local or regional infrastructure plans, if applicable.

Describe how the local authority will ensure that new housing supply will be timely supported by infrastructure, such as public transit, drinking water and wastewater connections, as well as parks and green spaces and other vital community amenities.

Comments

4. APPLICATION TERMS AND CONDITIONS

By creating, or attempting to create an application to Canada Mortgage and Housing Corporation ("CMHC") for funding, transfer of real property or any other Initiative or a Program under the *National Housing Strategy* (the "NHS") or the *National Housing Act* (Canada) (the "NHA"), (each individually, an "Initiative" or a "Program", and collectively, the "Initiatives" or the "Programs"), the Applicant hereby acknowledges and agrees to the following terms and conditions:

1. **Collection of Corporate Information and Personal Information (collectively, the "Information").** CMHC (and parties working on its behalf or collaborating with CMHC to administer the Initiatives and the Programs, where applicable) may collect information about the Applicant, including information about the organization/corporation ("Corporate Information") and Personal Information (meaning any information about an identifiable individual that is recorded in any form), from or through: (i) discussions with the Applicant; (ii) the online application form and its attachments (whether upon the saving of inputted Information into the form prior to submission of the application, or upon submission of the application) and supplementary Information provided by or on behalf of the Applicant; or (iii) other sources such as references, credit reporting agencies, provinces, territories, municipalities or Indigenous groups as will be specified in the Initiative. In addition, CMHC may collect Corporate Information that is presently in CMHC's possession arising out of, or in connection with, the Applicant's prior or existing relationship(s) with CMHC, such as from CMHC Initiatives, Programs or products. Completion of the application for funding, transfer of real property or any other purposes of an Initiative or a Program under the Initiatives or the Programs and the delivery to CMHC of signed consents referred to in Section 9 is voluntary; however, failure of the Applicant to provide such signed consents and any required Information in connection with its application (including within stated deadlines that may be specified in writing by or on behalf of CMHC) may result in the elimination of the application from consideration. If any of the collected Information changes or becomes inaccurate, the Applicant must promptly notify CMHC in writing of the change.
2. **Use and Disclosure of Information.**
 - a) The Applicant agrees that the Information collected in connection with an application may be used or disclosed for the following purposes:
 - (i) to assess the Applicant's eligibility under the applicable Initiative(s) and/or Program(s);
 - (ii) to assess the application, including for prioritization of applications received;
 - (iii) to communicate to the Applicant possible opportunities under other Initiative(s) and /or Program(s);
 - (iv) to communicate to the Applicant possible collaboration opportunities with external parties;
 - (v) for Information verification and due diligence purposes, including to detect and protect CMHC from errors and fraud;
 - (vi) for any purpose related to the provision of mortgage loan insurance generally, where applicable;
 - (vii) for analytics, policy analysis, data analysis, auditing and research by CMHC;
 - (viii) for evaluation and efficient administration of the Initiatives and/or Programs; and
 - (ix) for use by CMHC and the Government of Canada for any purpose related to the *National Housing Act* (Canada) and/or the *National Housing Strategy*.

- b) Prior to submission of the application, any Information collected through the online application process may only be used by CMHC for internal administration and planning purposes in respect of initiatives and/or programs under the National Housing Strategy and/or the *National Housing Act* (Canada), unless the Applicant's prior written consent to the disclosure of such Information to parties external to CMHC, for the purposes outlined in subsection 2(a) above, has been obtained.
- c) Upon submission of the application, CMHC and parties working on its behalf or collaborating with CMHC to administer the Initiatives and/or Programs, where applicable, are authorized to process and store the Information and disclose it, on a need to know basis, for the purposes outlined in subsection 2(a) above, to:
- (i) the office of the Minister responsible for CMHC;
 - (ii) Employment and Social Development Canada ("ESDC"), the office of the Minister responsible for ESDC, Public Services and Procurement Canada ("PSPC"), the office of the Minister responsible for PSPC, Canada Lands Company CLC Limited ("CLC"), the office of the Minister responsible for CLC and the municipality in which the project is located, Indigenous Services Canada ("ISC"), the office of the Minister responsible for ISC, Crown-Indigenous Relations and Northern Affairs Canada ("CIRNAC"), the office of the Minister responsible for CIRNAC, the municipality or reserve in which the project is located, Infrastructure Canada ("IC"), the office of the Minister responsible for IC, and to any other successor organization of the organizations listed herein.
 - (iii) the Government of Canada; and
 - (iv) provinces, territories, municipalities or Indigenous groups that may invest in or provide support for the Applicant's project or otherwise collaborate with CMHC as will be specified in the Initiative.
- 3. Agreements.** If the Applicant is selected by CMHC to receive funding and/or a transfer of real property, then the Applicant will enter into (and will cause related parties including guarantors, if any, to enter into) agreements that set out the terms and conditions of such funding and/or transfer of real property. Where CMHC is providing funding, the agreements may specify, among other things, the amount to be advanced to the Applicant as well as any terms and conditions of repayment, where applicable. The granting of loan or contribution funding or any part thereof or approval for mortgage loan insurance by CMHC is not to be construed or relied on by the Applicant or any other party as representing a confirmation of the value or condition of the underlying property, whether or not appraisals or inspections are carried out by or for CMHC; nor is it to be construed or relied on by the Applicant or any other party as representing a confirmation of the ability of the borrower(s) and any guarantor(s) to repay the loan, where applicable.
- 4. Intellectual Property Rights.** The Applicant owns and holds all rights, title and interests in, or has a valid right to use, all intellectual property in and to all information and materials produced in connection with the Applicant's project and the application (including, without limitation, all patents, industrial designs, trademarks, trade names, service marks, copyrights, trade secrets, inventions, know-how, domestic or foreign, and any registrations and applications for registration for any of the foregoing) to the extent it is neither published nor otherwise in the public domain. Subject to the terms and conditions of this application, the Applicant hereby grants to CMHC a non-exclusive, perpetual, irrevocable, assignable, royalty-free sub-licensable license to use, make, have made, sell, offer for sale, and import the intellectual property worldwide, with the right to make such modifications as may be desirable for any purpose related to the current or future operation of CMHC. Where an Applicant's intellectual property, in connection with its project under the Affordable Housing Innovation Fund, is modified by or on behalf of CMHC, CMHC shall own and hold all right, title and interests in and to the intellectual property as modified by or on behalf of CMHC. This provision, including the license so granted, shall survive the application.
- 5. Proprietary and/or Confidential Information.** All Information regarding the terms and conditions and financial and/or technical aspects of the Applicant's proposal that are proprietary or confidential in nature have been and will be marked "PROPRIETARY" or "CONFIDENTIAL" when submitted to CMHC. Proprietary and confidential markings shall be included beside each item or at the top of each page containing Information that the Applicant wishes to protect from disclosure. CMHC will make all reasonable efforts to protect the Applicant's documents and Information so marked from disclosure. Notwithstanding the foregoing, (i) CMHC shall have no liability of any kind to the Applicant, or any other party, based on inadvertent or unintentional disclosure of proprietary or confidential Information; and (ii) CMHC is authorized to disclose proprietary or confidential Information, on a need to know basis, to the parties listed in subsection 2(c). The Applicant has been advised that as a Crown corporation, CMHC is subject to federal legislation including the *Access to Information Act* and the *Privacy Act*. In certain specific circumstances, Information submitted to CMHC by the Applicant may be required to be disclosed pursuant to federal legislation. In such cases, to the extent reasonably possible and permitted under the law, CMHC will make efforts to advise the Applicant of the required disclosure prior to releasing the Information.
- 6. Publicity.** If the Applicant is selected by CMHC to receive funding and/or a transfer of real property, CMHC, the Government of Canada and any other province, territory, municipality or Indigenous group that invests in or provides support for the Applicant's project shall have the right to publicize details of the project, the funding assistance and the name of the successful Applicant. By submitting its application, the Applicant confirms its consent to the disclosure of this information. The Applicant is not permitted to make any announcement regarding any of the Initiatives and/or Programs, including without limitation, any funding or transfer of real property without the express written consent of CMHC.

7. **Contact.** CMHC and parties working on its behalf are each authorized to contact any person listed in this application (including any agent of the Applicant) to consider the Applicant's eligibility for the funding or transfer of real property requested or in connection with the administration of the Initiatives and /or Programs and may send such person(s) program information by email or other means of communication.
8. **Verification and Credit Inquiries.** Where applicable to determine creditworthiness for funding in the form of a loan, the Applicant authorizes CMHC and parties working on its behalf to: (i) obtain business credit reports or individual credit reports or both, where applicable (for example, on sole proprietors, surety/guarantors, for-profit corporate entities, not-for-profit organizations) to perform a credit check and verify information provided by or on behalf of an Applicant and to assess the Applicant's application; and (ii) make any other inquiries required, including without limitation, obtaining corporate and business information, to assess the Applicant's application.
9. **Integrity Checks.** The Applicant authorizes CMHC (and parties working on its behalf or collaborating with CMHC to administer the Initiatives and/or Programs, where applicable) to conduct general integrity and criminal record checks and other similar screening ("Integrity Screening") of the Applicant to assess the Applicant's eligibility for receipt of funding or transfer of real property under an Initiative and/or Program. CMHC may additionally require Integrity Screening to be performed on any parties affiliated with the Applicant, including without limitation, its directors, shareholders and beneficial owners, and the Applicant shall cause to be delivered to CMHC, consents to such Integrity Screening being performed duly signed by such affiliated parties.
10. **Acknowledgement.** The Applicant acknowledges that: (i) any acknowledgement of receipt of the submitted application shall not constitute an approval of the application or a guarantee that the Applicant will receive any funding and/or transfer of real property; (ii) the application and any other submitted materials will not be returned to the Applicant; and (iii) the Applicant is not entitled to any compensation for any work related to, or materials supplied in connection with, the application.
11. **Release and Indemnity.** By creating or attempting to create an application to CMHC under any of the Initiatives and/or Programs, and upon submission of an application, each Applicant and purported Applicant agrees to indemnify, release and forever hold harmless CMHC, its officers, directors, employees, agents and any other parties working for or engaged by or collaborating with CMHC or otherwise involved in connection with the administration of the Initiatives and /or Programs (including without limitation, provinces, territories, municipalities, and Indigenous groups) from any and all claims, actions, demands, causes of action, suits, debts, damages (including without limitation, direct, indirect, special, incidental, punitive, third party or consequential damages) or any other losses, expenses or liabilities of whatever nature or kind sustained by the Applicant or any other person arising out of, or in connection with, the Applicant's application or attempted application made to any of the Initiatives and/or Programs, including the assessment, evaluation and any selection process and any use of this website. CMHC is not responsible for applications that are lost, late, misdirected or delayed for any reason, including for any failure of the website or technical malfunctions related thereto.
12. **Access to Information and Privacy Statement.**
- CMHC is committed to protecting the privacy, confidentiality and security of the personal information that it holds by adhering to the requirements of the *Privacy Act* with respect to the management of personal information. By providing CMHC with your personal information for the purposes of one of the Programs, you are consenting to CMHC's collection, use and disclosure of your personal information in strict accordance with the *Privacy Act*. Personal Information collected by CMHC for the purposes of one of the Programs, can be found in their [Info Source Publication on their website](#) under the following Personal Information Bank:
- CMHC PPU 220, National Housing Strategy Program and
 - CMHC PPU 180, Shared Equity Mortgage Providers Fund
- The *Privacy Act* provides individuals with a right to access their personal information that is under the control of CMHC, to request corrections of their personal information and to file a complaint to the Privacy Commissioner of Canada regarding CMHC's handling of personal information. Any questions, comments, concerns, requests for personal information or complaints may be directed to CMHC's Access to Information and Privacy Office at ATIP-AIPRP@cmhc-schl.gc.ca or you may also visit their [website](#).
13. **Headings for Convenience Only.** The headings used in these terms and conditions are intended for convenience or reference only and do not affect the interpretation of the provisions of these terms and conditions.
14. **Paramourty.** To the extent of any conflict, ambiguity or inconsistency between the provisions of these terms and conditions and any other documents provided to the Applicant, the provisions of these terms and conditions shall prevail and replace any existing terms and conditions in place with the Applicant, with regard to the subject-matters set forth herein.

If you have any questions or concerns regarding these Terms and Conditions, please [email CMHC](#).

5. ACKNOWLEDGMENT AND SIGNATURE

By signing below, I certify that I am authorized to agree to the Terms and Conditions described above and to complete and submit this application for and on behalf of the Applicant. I certify that the information provided is, to the best of my knowledge and ability, complete, accurate and correct and that if any of the information changes or becomes inaccurate, I shall promptly notify CMHC. I have read and understood the Terms and Conditions described above and acknowledge that they shall continue to apply upon my submission of this application. I confirm the Applicant has voluntarily consented to the collection, use and disclosure of information as set forth in these terms and conditions.

This application may be executed by electronic signature and such electronic signature shall be deemed to be an original signature for the purpose of this application with the same legal effect as a manual signature.

Letter of Support from Canadian Home Builders Association of South Okanagan

July 19, 2023

Canada Mortgage and Housing Corporation

Re: City of Penticton Housing Accelerator Fund Application

This letter is intended as support for the City of Penticton's application to the Housing Accelerator Fund program.

The Canadian Home Builders Association South Okanagan works to support our members and address the important issue of housing supply and affordability in our region. Based in Penticton, we offer education and advocacy services to over 500 home builders, renovators, design professionals and suppliers in the South Okanagan, Boundary and West Kootenay regions. The CHBASO endeavors to foster positive relations with all our municipal partners so that we can better address housing demand in our region.

CHBASO has been involved in the development of the Penticton HAF action plan and wholeheartedly supports the plan that has been created and the City's application.

The lack of available, adequate, and affordable housing in Penticton impacts every aspect of the economy and the social well-being of the community. Should Penticton be successful in its application, we look forward to working closely with the City in implementing the various initiatives to be funded. Our members will work hard to assist in achieving the goals outlined in the City of Penticton HAF application.

Sincerely,

Wally James
Buccaneer Contracting

Letter of Support from Interior Health

July 19, 2023

Steven Collyer, Senior Planner
City of Penticton
171 Main Street
Penticton, BC
V2A 5A9

Sent via email: steven.collyer@penticton.ca

Dear Steven,

RE: Support for the City of Penticton’s Funding Application to the Canada Mortgage and Housing Corporation (CMHC) Housing Accelerator Fund (Large/Urban Stream)

Interior Health is pleased to support the City of Penticton’s funding application to the CMHC Housing Accelerator Fund.

Housing is both a basic need and a human right. It is one of the most significant determinants of our health, influencing both our physical and mental health, as well as our social well-being. It also indirectly influences other factors that affect our health, including income, educational opportunities, and early childhood development. Healthy housing is high quality, accessible, affordable, safe and stable.

A grant through CMHC’s Housing Accelerator Fund would enable the City of Penticton to implement seven key initiatives that support the City’s efforts to create healthy housing and develop complete, climate-resilient communities that are affordable, inclusive, equitable and diverse. These initiatives are: Building housing on city lands; maximizing existing servicing; pre-servicing strategic high-density areas; fast-tracking approvals; pre-approving missing middle plans; removing parking density and height restrictions; and investing in civic facilities and housing.

The initiatives identified by the City of Penticton are consistent with its [Official Community Plan](#), which accommodates development “through intensification of Penticton’s existing urban areas, maximizing use of existing assets and infrastructure, creating complete and accessible communities, intensifying underused and vacant land, and minimizing negative impacts on natural areas.”

Interior Health would like to recognize and acknowledge the traditional, ancestral, and unceded territories of the Dākelh Dené, Ktunaxa, Nlaka’pamux, Secwépemc, St’át’imc, Syilx, and Tšilhqot’in Nations where we live, learn, collaborate and work together.

As a regional health authority, Interior Health aims to improve health and wellness by working with local governments, including the City of Penticton, and community partners to create policies and environments that support good health.

It is our experience that the City of Penticton is committed to working collaboratively with Interior Health and other community stakeholders to improve the health of its residents. As such, we strongly support the City of Penticton's funding application to the CMHC Housing Accelerator Fund.

Sincerely,

Tanya Osborne
Community Health Facilitator

Bobbi Klettke
Community Health Facilitator

Interior Health would like to recognize and acknowledge the traditional, ancestral, and unceded territories of the Dākelh Dené, Ktunaxa, Nlaka'pamux, Secwépemc, St'át'imc, Syilx, and Tšilhqot'in Nations where we live, learn, collaborate and work together.
