

Plenty of fun planned for Family Day

(Penticton, BC – Feb. 4, 2025) – Families can choose their own adventure this Family Day, with a number of offers available between the Penticton Community Centre and the South Okanagan Events Centre (SOEC). Select a few or do them all, there are options for everyone on Monday, Feb. 17.

“We’re excited to be offering a variety of activities this Family Day. With the diving boards and waterslide open all day, we know the pool will be a hub of family fun,” says manager of recreation, art and culture, Joanne Malar. “For those looking for options outside of the pool, the Family Day games zone in the gym, including a bouncy castle provided by neuHouzz Real Estate Group, is a great option to have fun while burning some energy. The arts and crafts station is also available to let your littles’ imaginations run wild while creating fun memories.”

The Community Centre will be open from 10:00 am to 3:00 pm. Regular rates apply for pool access while the gymnasium and arts and crafts are free to attend.

For hockey fans, catch the Penticton Vees game against the West Kelowna Warriors at the SOEC starting at 2:00 p.m. Regular rates apply, youth 18 and under are free thanks to Peter Bros Construction. Ticket details are available at pentictonvees.ca. After the game, enjoy a free skate on the ice with the Vees from 4:30 pm to 5:30 pm. CSA-approved helmets or winter helmets are not mandatory but strongly recommended. Helmets and skates will not be available to rent, so please come prepared. Kids 12 and under must be accompanied by an adult/guardian.

“We look forward to once again partnering with the City of Penticton on Family Day this month. We’re happy to offer a free public skate with our players after our game against West Kelowna,” says Fraser Rodgers, the Vees vice-president of business operations. “This event will be a great opportunity for families to meet and interact with their favourite players. We always pride ourselves on making Vees games an affordable family entertainment option, and this will be one of several activities to enjoy in our community that day.”
